

TO OUR PATIENTS:

We request that all patients arrive 15 minutes prior to an in-office visit or test and 30 minutes prior to an in-office consultation in order to complete the necessary paperwork and be ready for your visit with your physician.

Patients are placed in the examination room prior to the time of their appointment to be ready for their visit with their physician.

If you arrive late for your appointment, we may need to reschedule your appointment. If you cannot complete your paperwork by the scheduled time of your appointment, we may reschedule your appointment for another day.

Patients who arrive late for their appointments disrupt the schedules of other patients and may be rescheduled. Your cooperation is appreciated.
